'Aspire Believe Care'

"Let your light shine" Matthew 5:16

At The Curzon Church of England Primary School, we ASPIRE to be the best we can be and reach our full potential. We BELIEVE in our abilities to learn and flourish together. We CARE for one another as the Curzon family. Our vision is underpinned by our school's core values of, Friendship, Forgiveness, Perseverance, Respect, Truthfulness and Compassion. Individuals flourish in a school which is a safe, respectful and welcoming Christian community.

Introduction

Early childhood is the foundation on which children build the rest of their lives.

Learning for children is a rewarding and enjoyable experience in which they explore, investigate, discover, create, practice, rehearse, repeat, revise and consolidate their developing knowledge, skills, understanding and attitudes. During the Early Years Foundation Stage, many of these aspects of learning are brought together effectively through play and talk.

As outlined in the 'Statutory Framework for Early Years Foundation Stage':

'Every child deserves the best possible start in life and the support that enables them to fulfil their potential. Children develop quickly in the early years and a child's experiences between birth and age five have a major impact on their future life chances.'

The EYFS aims:

- To provide the highest quality care and education for all our children.
- To ensure a safe and motivating environment enabling children to learn.
- To value the individual child and work alongside parents to help every child reach their full potential.
- To provide a strong foundation for future learning.

- We adhere to the 'Statutory Framework of the EYFS' and the four guiding principles that shape practice within Early Years settings:
 - Every child is a **unique child**, who is constantly learning and can be resilient, capable, confident and self-assured;
 - Children learn to be strong and independent through **positive relationships**;
 - Children learn and develop well in **enabling environments with teaching and support from adults**, who respond to their individual interests and needs and help them to build their learning over time. Children benefit from a strong partnership between practitioners and parents and/or carers.
 - The importance of **learning and development**. Children develop and learn at different rates.

As part of our practice we:

- Provide a balanced curriculum, based on the EYFS, across the seven Areas of Learning, using play as the vehicle for this;
- Promote equality of opportunity and anti-discriminatory practice.
- We provide early intervention for those children who require additional support;
- Work in partnership with parents and carers;
- Plan challenging learning experiences, based on the individual child, informed by observation and assessment and by the children's own ideas and interests;
- Provide opportunities for children to engage in activities that are adult-initiated, child initiated and adult supported;
- Provide a secure and safe learning environment indoors and outdoors.

Early Years Foundation Stage Curriculum

We plan an exciting and challenging curriculum based the Educational Programmes set out in the EYFS and our observations of children's needs, interests and stages of development across the seven areas of learning. This enables children to develop the knowledge and skills to be prepared for KS1.

All seven areas of learning and development are important and interconnected.

The prime areas are fundamental to a broad and balanced base of learning for children and are particularly crucial for igniting children's curiosity and enthusiasm for learning, and for building their capacity to learn, form relationships and thrive, both in the EYFS and into Key Stage 1.

The **prime** areas are:

- Communication and Language
- Physical Development
- Personal, Social and Emotional Development

- Children are also supported through the four **specific** areas, through which the three prime areas are strengthened and applied:
 - Literacy
 - Mathematics
 - Understanding the World
 - Expressive Arts and Design

In planning and guiding children's activities, practitioners must reflect on the different ways that children learn and reflect these in their practice.

Three characteristics of effective teaching and learning are:

1. **Playing and exploring** - children investigate and experience things, and 'have a go'.
2. **Active learning** - children concentrate and keep on trying if they encounter difficulties.
3. **Creating and thinking critically** - children have and develop their own ideas, make links between ideas and develop strategies for doing things.

Children are provided with a range of rich, meaningful first-hand experiences in which they can explore, think creatively and be active. We aim to develop and foster positive attitudes towards learning, confidence, communication and physical development.

Planning in the EYFS

We create medium term plans based on a series of topics and themes, each of which offers experiences in all seven areas of learning. Our short term plans then provide a sequence of lessons that allow children to develop skills through adult modelling and through opportunities to practise and rehearse throughout the learning environment. Our curriculum is planned to allow for purposeful revisits of prior learning to ensure that children are able to embed the knowledge and skills that they have learned.

We begin each topic by immersing children in a high quality story or text. This will form the foundation for the learning in the days or weeks that follow. This prepares them well for the Reading into Writing journey that is followed from Year One onwards.

We always remain flexible to allow for unplanned circumstances and children's responses. Our planning is continually evaluated by all staff to ensure that children's individual 'Next Steps in Learning' and personalised learning needs are met.

Children will engage in whole group and small group activities alongside their independent learning. There are also allocated times for whole class daily 'carpet learning sessions'.

The curriculum is delivered using a play-based approach as outlined by the EYFS framework: *'Each area of learning and development must be implemented through planned, purposeful play and through a mix of adult-led and child-initiated activities'*.

We plan a balance between children having time and space to engage in their own child-initiated activities and those which are planned by adults. During children's play, the adults in class interact when appropriate to stretch and challenge them further.

In planning and guiding children's activities, we reflect as practitioners on the different ways that children learn and build these into our practice. We create a stimulating learning environment to encourage children to free-flow between inside and outdoors as far as possible.

Observations and assessment

As part of our daily practice we observe and assess children's development and learning to inform our future plans. We record our observations in a variety of ways and all adults contribute. Our recorded observations focus on capturing significant moments of learning that children achieve so that quality interactions with children can remain our focus.

Observations of children's achievements are collated in their own personal Learning Journey as well as in specific Maths and English books. Parents/carers have the opportunity to look through children's books during parents' evenings which take place twice a year.

Parents/carers are encouraged to contribute to their child's learning journeys. This begins shortly before the first week of school when we ask parents to complete a simple baseline assessment. This enables us to accurately plan next steps ready for full time education. We also plan opportunities for home learning each half term. Parents are encouraged to upload responses to our remote learning platform 'Class Dojo' and at times there will be projects that can be brought into school. Children's 'Next Steps in Learning' are shared during parents' evenings so that parents/carers know how to help their children with their learning at home.

These ongoing observations are used to inform the EYFS Profile and children's progress against the Development Matters statements and to determine if children are 'on track' or 'not on track'. Those children who are 'not on track' are quickly identified to ensure that catch up interventions can be put in place to prevent them from falling further behind.

Reception Baseline assessment (RBA)

The reception baseline assessment (RBA) is a short assessment, taken in the first six weeks in which a child starts reception. It assesses children in early mathematics, literacy, communication and language. The purpose of the RBA is to form the starting point for cohort-level school progress measures. This data will be compared to key stage 2 outcomes 7 years later to form the overall progress measure for a school. The data collected and produced from the assessment is stored in the national pupil database (NPD), including numerical scores, it is not shared with external bodies, including schools, teachers, pupils or parents/carers.

EYFS profile

In the final term of the Reception year (no later than 30th June), the EYFS profile is completed for each child. This provides parents and carers, practitioners and teachers with a well-rounded summary of every child's development and learning achievements and readiness for Year 1, it also includes whether they have reached a 'Good Level of Development' (GLD). Children are assessed against the Early Learning Goals (ELG) by the class teacher - who uses practitioners' knowledge and professional judgement of the children to make a 'best fit' judgement.

The children are assessed as achieving a 1 or 2 against each area of the EYFS curriculum:

- 1 = Emerging ELG – not yet meeting the expected levels
- 2 = Expected ELG – meeting the expected levels of development

Year 1 teachers must be given a copy of the Profile report, enabling a dialogue between Reception and Year 1 which will assist in the planning of learning in the next academic year.

This profile data is the statutory data that is sent to the Local Authority and used to help school benchmark and identify improvements.

Safety

Children's safety and welfare is paramount. We create a safe and secure environment and provide a curriculum that teaches children how to be safe, make choices and assess risks. We have stringent policies, procedures and documents in place to ensure children's safety. We promote the good health of the children in our care in numerous ways, including the provision of nutritious food and following a set procedures when children become ill or have an accident.

Inclusion

We value all our children as individuals, irrespective of their ethnicity, culture, religion, home language, background, ability or gender. We plan a curriculum that meet the needs of the individual child and support them at their own pace so that most of our children achieve the early learning goals.

We strongly believe that early identification of children with additional needs is crucial in enabling us to give the child the support that they need. In doing so, we work closely with parents and outside agencies.

Safety including safeguarding and welfare requirements

The safety and welfare of our children is paramount at Curzon C of E Primary School. We have robust policies and procedures in place to ensure their safety.

In Reception we provide a safe and secure environment and provide a curriculum which teaches children how to take risks, follow rules and stay safe. We comply with the welfare requirements set out in the Statutory Framework for Early Years Foundation Stage and understand that we must:

- Promote the welfare of all children;
- Promote good health;
- Manage behaviour effectively and appropriately;
- Ensure all adults working with children are suitable to do so;
- Ensure that the environment is safe and all equipment and furniture is fit for purpose;
- Ensure all children have a challenging and enjoyable learning experience.

We promote the good health of the children in our care in numerous ways, including the provision of nutritious fruit snacks, access to water throughout the day, allocating significant time for physical development and following set procedures when children become ill or have an accident.

Staff and visitors are prohibited from using their mobile phones in our classrooms, only the class iPads are used to photograph children (for observation and assessment purposes) and children must be appropriately dressed in photographs.

Members of our Reception staff hold the Paediatric First aid qualification, which is a statutory requirement of the EYFS.

The role of parents/carers

We recognise the central importance of parents/carers as children's first educators. We believe they have a significant role to play in the lifelong education of their child. We strive to create and maintain partnerships with parents/carers as we recognise that together, we can have a significant impact on a child's learning. We welcome and actively encourage parents to participate confidently in their child's education and care in numerous ways.

- Holding information evenings before the children start school which are offered in person and as videos available on our website.
- Talking to them about their child's interests and needs during our introductory sessions in school and at our home visits carried out prior to them starting school.

- Being welcoming and approachable for parents to voice concerns/ask questions;
- Inviting them to a parents' evenings each term to discuss how their child has settled and share progress and next steps for learning;
- Valuing parents' contributions to learning journeys;
- Encouraging parents to read with their child at home and make comments in their reading record books;
- Providing curriculum planning overviews for each topic, each term and highlighting how they can support their child at home through termly home learning;
- Inviting parents into school for 'parent phonics' sessions to demonstrate how we teach phonics and help them support their child.
- Providing parents with an annual end of year summary report detailing achievements and their child's EYFS profile;
- We also draw on our links with the community to enrich children's experiences by taking them on outings and inviting members of the community into our setting to talk about their lives, work and experiences.

Transitions

Transitions are carefully planned for and significant time is given to ensure continuity of learning and care. At times of transition, we acknowledge the child's needs and establish effective partnerships with those involved with the child and other settings. In the spring term prior to children starting school we speak at length with nurseries to develop an understanding of the needs of each child. In the summer, children attend a number of introductory sessions with their parents/carers and also with their nurseries into to develop familiarity with the settings and staff. Our Reception staff also visit the local nurseries and preschools in return, to familiarise themselves with the children.

Year 1 teachers are continually involved in the assessment of children in Reception so already have a good understanding of needs and next steps prior to them starting KS1. In the summer term, our Reception teachers meet with the Year 1 teachers to liaise with them and discuss the individual children and their specific needs. The children's assessment data and writing books are sent with them to Year 1 so that their new teachers are able to plan for their 'next steps in learning' from the moment they enter their new class. Children spend a number of sessions towards the end of the school year in the Year 1 classroom as well as with the Year 1 teacher in their own class. This ensures that they are familiar and comfortable with their new teacher and are ready for the next phase of their education. Monitoring the EYFS

We are committed to providing the best possible experiences for our children. The EYFS Teacher, alongside the HeadTeacher, are responsible for monitoring provision, teaching and learning and children's progress. Regular monitoring visits are also carried out by the Senior Leadership Team. Feedback is then shared with the relevant teams and any necessary actions are taken.

All adults in the Reception team have a key role in children's learning and development. Therefore, they are required to be knowledgeable and skilled in the EYFS curriculum. Any training needs for existing or new members of staff are identified and addressed as part of performance management targets.

Management arrangements

The EYFS teacher in conjunction with the Head Teacher is responsible for reviewing the effectiveness of this policy.

All Staff are responsible for implementing procedures outlined in this policy.
