INTERNAL BUILDING WORKS

Dear Parents and Carers,

I am writing to inform you of some exciting developments taking place at school. During the upcoming half-term break, we will begin a programme of internal building works aimed at improving key areas of the school, including the pupil toilets (Main block), Year 1 / Year 2 classrooms, the school kitchen and the school hall.

These upgrades are a fantastic step forward for our school community, and we're looking forward to the improved facilities that will benefit all our children. While the majority of the work will be carried out during the summer holidays to minimise disruption, some of the improvements will commence in the **MAY HALF TERM** .

As a result, there may be short periods where classes, particularly in Year 1 and Year 2, will be temporarily relocated to different areas within the school (the cosy den). We will ensure this is carefully planned and communicated to the children in advance to minimise any disruption to learning.

We understand that building works can sometimes be noisy or unsettling, and we will be speaking to the children ahead of time to prepare them and ensure they understand what to expect. Staff will be mindful of any impact the works may have on the children's wellbeing and learning environment, and we will work together to manage this sensitively.

Please also be aware that during this time, the school's main entrance will become the site manager's designated area. We ask all visitors and parents to be mindful of this when entering and leaving the school.

The safety and wellbeing of our children remains our top priority. All works will be managed under strict health and safety regulations, and children will be kept safely away from building areas at all times.

We appreciate your support and understanding during this period. It's a truly exciting time for the school, and we can't wait to share the finished results with you in due course. All the works should be completed by September.

Mrs Fletcher
Headteacher
